- ◆ Hydro-dermabrasion is exfoliation with the infusion of ultra hydrating nutrients that penetrate deep into skin cells flushing them with nourishing ingredients
- ◆ Breathing new life into the skin leaving it fresh, moist, and glowing
- ◆ Diminishes the appearance of fine lines & wrinkles while improving the appearance of pigmentation & sun damage
- ◆ Treats & reduce congestion while minimizing the appearance of large pores
- ◆ LED intensifies the Hydro-dermabrasion treatment by further refining fine lines and wrinkles, improving uneven skin tone, reducing pores size, and brightening the skin.
